Look at its technical specifications, brands, features, and performance, among other things. Lower-end engines, obviously, will be cheaper compared to their higher-end counterparts. Speaking of the type of the engine, the brand and the model of the car that you have also affects the costs of the engine swap or replacement.

Engine Replacement & Engine Swap Cost: Here's What You ...

The 3.8 and 4.2 motor are almost the same in several aspects. It really isn't worth the money and headache to do the swap into a car, yes it will fit, yes it will work but power and torque wise the gains are minimal at best. As far as the engine goes google the 4.2 liter v-6 and see what everyone is saying about the engine itself on the F-150 ...
