A320 MAINTENANCE PLANNING DOCUMENT MPD ENV

The Airbus A320 family are narrow-body airliners designed and produced by Airbus. The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France. The first member of the family was followed by the longer A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).

Airbus A330 Maintenance Training Manual

Can any engineers tell me what the difference is between an automatic engine start and a manual engine start is. What actually is the difference with regards the mechanics of the aircraft systems and starting process. What is it that powers the engine for rotation. Having to do a manual start if the outside temp is 40 degrees or above.
