I found Howard Gardner's "Changing
Minds: The Art and Science of Changing
Our Own and Other People's Minds" a
useful and informative book that would
be immensely useful in addressing
people whose minds are open to
changing their views or opinions on
particular subjects.

When we attempt to change our own minds or others' minds, or when they attempt to change theirs or ours, the process of persuasion usually involves concepts, stories, theories, and skills. How we (or others) use logic and/or evidence, for example, is determined by our (or their) age, intelligence, education
