As the title says, a great follow up to Oddjobs. Liked it even more than the first, even though it was even more an absurd story. I just want more of Morag, Rod and Nina! Now it's time to move on to the rest of Heide & Ian's stories, cos if they are as good as this, my reading list is done for the rest of the year. Highly recommended.

ODD JOBS | meaning in the Cambridge English Dictionary

Oddjobs by Heide Goody and Iain Grant is a rib-tickling, heart-pounding book that I have a hard time categorizing. Is it fantasy or is it science fiction? After reading it, I'm still unable to decide. What I can say, though, is that it's funny; funny and scary
