Old Man On Campus: A middle-aged engineer blunders into medicine, goes back to college at 58, and becomes a physician assistant. At some point, many of us consider doing something radically different with our lives. This book is a sometimes humorous, sometimes poignant, first person account of what happens when you are 58 years old, quit your job, move away from home, and go back to college as a physician assistant student with strangers less than half your age.
