Triumph of the Optimists also provides the first comprehensive evidence on the long-term equity risk premium—the reward for bearing the risk of common stocks. The authors reveal whether the United States and United Kingdom have had unusually high stock market returns compared to other countries.

Triumph of the Optimists: 101 Years of Global Investment

...

Triumph of the Optimists Speaker: Elroy Dimson, Professor of Finance, London Business School Abstract: An important question for investors is the expected return and risk from holding equities in preference to lower risk assets. We shed light on this topic by addressing two key questions: What has the real return been on equities historically?
